

Boost Energy Savings

With an Innovative, Variable Speed Pump Solution

GENIUS SERIES

Vertical - Multi-Stage Pumps

The Genius Series is a highly compact, customizable package designed for **LOW FLOW – HIGH BOOST** applications. It features **NSF 61** Rated, **304 S.S.** multi-stage pumps with **304 S.S.** casing, shrouds and impeller. All controls are protected within a **NEMA 3R** forced-air ventilated enclosure with inlet filter and **NEMA 4X** active incoming surge suppressor with LED indicator.

Integral to All Systems

- **iQFlo™ 3.0** Award-Winning Variable Speed B.O.S.S. (Booster Operating System Software)
- **GreenFlo™** ASHRAE/ANSI/IES Standard 90.1 Compliant Low-Flow Energy Optimization Algorithm

Genius Features

- **5 Year Limited Warranty** on the entire 3rd party certified system
- **304 Stainless Steel** headers and square tube space frame
- **Standard 100,000 SCCR Controller Rating** at incoming disconnect
- **NSF 61 and NSF 372 System Compliance** (N-5946/7626 IAPMO)
- **7" TFT Full Color Touch Screen** with easy-to-follow wizards
- **Small Footprint** for retro-fit simplicity
- **Simplex, Duplex, Triplex and Quadraplex** systems in a multitude of voltages/horsepowers
